

Judas Swing

↳ move opposite to actually
where we are going to go

- market open is when these swings often happen.
- not a strat
cant just assume

**The Judas Swing – Spotting
the trap before the real move**

everything is a judas swing.

← Can use the judas swing in conjunction with proper entry structure to take longer ~~trade~~ trades with more confidence.

- major consolidation into a major pump/dump is often fake movement.

↳ can often enter on the next FVG
